

Arctic Adventures Tunulik II Fishing Camp Guests Comments

Mr. Jeff Turner

TX, USA

"I went with my dad (age 76) and brother (age 44). We love stream fishing and having space to ourselves (isolated). This fit the bill perfectly. We caught numerous 3 to 5 pound Native Brookies and I was fortunate enough to land a World Class 10 + pounder ! A record class fish ! An incredible experience. My brother had a 100 fish day ! My dad caught his dream Native Brookie ! The hospitality service, food and fun were all excellent. The fish were all strong fighters and beautiful !

Mr. Sam E. Haddon

"Caught a lot of fish. Most enjoyable ! I will be back !"

Dr. Robert Campbell

" The fishing was better than any expected in size, number and strength. It was almost obscene ! The fish never gave up. Cannot come fast enough. Already tying flies."

Mr. Roger Jester

“Outstanding fishing – perhaps some of the best Brook trout fishing in the WORLD. Carol and Calvin are the best !! They are a joy to be with and are great hosts and camp managers. Arctic Adventures is the Gold Standard – This was my second trip – it gets better each time.”

" Simply amazing trout fishing. I've fished all over the world but I've never seen trout fishing as good as Tunulik II. Thank you for a terrific trip – I'll not soon forget it !"

Mr. Michael Fisher

“We ate really well and we slept like babies. This was my 4th trip to the camp. It just gets better and better. I wouldn't change a thing. It could not have been better.”

Dr. Paul Major

“I have only one think in mind: to return next year. The fishing was even better than what is advertised.”

Mr. Zoel Roussel

“I have done over 20 of these trips. This would have to be the best for quantity and size. Keep up the good work, we are planning a trip for Char (Payne River Fishing Camp) in 2009.”

Mr. Gary Dool

“It was the best fishing experience of my last 5 trips.”

Mr. Douglas Kettle

ON, Canada

“Our group has made what we term a major trip every other year. We seem to come away with the feeling that that was the best trip yet. Most of the members of my group are talking about going to Payne River.

Calvin is an excellent guide and knows the river well. Carole and her niece served a variety of hearty meals and snacks were outstanding.

The fishing was excellent and catching fish on cast after cast made you wonder what was wrong if you made several without a strike. Catching Native Brook trout in the 3 to 5 lb range was outstanding. Everyone had a great time, we would like to express our appreciation to everyone involved.”

Mr. John Beaven

BC, Canada

“To our great surprise Ryan's Pool produced very few fish and as you know it's usually the best pool. The fishing everywhere else was amazing. As the water was low we caught most of our trout on dry flies this year. All the pools near the camp were very good, the best I have ever seen them, and one gave up 25 fish on 27 casts - all on small dry flies! The conservation rules you have put in place are certainly working.

It's a fantastic place.”
